

## REMEDICATION AND REDEVELOPMENT (RR) NEWS FROM WISCONSIN DNR March 10, 2004

### DON'T DELAY - SUBMIT CONSULTANT DAY REGISTRATION TODAY!

A limited number of participants have registered for the Northeast Region Consultant Day in Kimberly on March 31st, but staff have heard that many more people actually plan to attend. Those who intend to participate but haven't submitted a registration form could help us out by submitting registration forms as soon as possible. In order to obtain a head count and plan for seating, handouts and meals, DNR and FET need to receive the registration forms. The agenda and registration form is available at <http://www.fetinc.org/3-31-04NERConsultantsDay.pdf>

### RR PROGRAM TO DISCONTINUE INFORMATION LINE JUNE 30

The RR Program has decided to discontinue our Information Line, a recorded telephone message that we have offered since the mid-1990s. This phone number has been printed on many RR Program publications. The recorded message was intended to help the public obtain publications, staff phone numbers and other program information. However, we saw use of the line drop to about 20-30 calls per month, and in 2003 the volume dropped further to only 10-15 calls per month. We believe the decline is linked to increasing use of our Internet pages. We've now decided to save a little money and end our recorded Information Line on June 30 of this year. After that date anyone calling the line will be forwarded to a receptionist for assistance. If you have any questions about the Information Line, please contact Andrew Savagian at 608-261-6422, or [andrew.savagian@dnr.state.wi.us](mailto:andrew.savagian@dnr.state.wi.us).
